

# Discourse Bengali Language Literature Brief Account

## Chapter 1 : Discourse Bengali Language Literature Brief Account

Ancient Egyptian literature was written in the Egyptian language from ancient Egypt's pharaonic period until the end of Roman domination. It represents the oldest corpus of Egyptian literature. Along with Sumerian literature, it is considered the world's earliest literature. Writing in ancient Egypt—both hieroglyphic and hieratic—first appeared in the late 4th millennium BC during the late Dynastic period. Language, dialect, jargon, vernacular refer to patterns of vocabulary, syntax, and usage characteristic of communities of various sizes and types. Language is applied to the general pattern of a people or nation: the English language. Dialect is applied to regionally or socially distinct forms or varieties of a language, often forms used by provincial communities that differ from the standard. The languages of India primarily belong to two major linguistic families, Indo-European (whose branch Indo-Aryan is spoken by about 75 percent of the population) and Dravidian (spoken by about 25 percent). Other languages spoken in India come mainly from the Austro-Asiatic and Tibeto-Burman linguistic families, as well as a few language isolates.
